Overview of Work

We are willing to organize a summer internship in Website Design & Development for BBA/BCA Students of Vidya College of Business Management, Meerut. The internship will include the following benefits for students:

- Languages to be covered in the session: PHP, JAVA.....
- Students will get a proper platform for enhancing their programming skills.
- Students will get training on working on Live Projects which will boost their confidence for future works.
- Students will get valid certificates about which they can mention in their Resume that can help in getting better opportunities.
- This Program will help students to enhance skills like - Teamwork, Communication Skills, Leadership, and many more.
- Fees: Rs 500 per student
- Time Period: 10 Days

Goals

1. To provide better training to students so that they can enhance their programming as well as personal skills and can lead in the future with better ideas.
2. Providing the best learning platform to students where they can share their ideas with an open mind without hesitation can help in getting the best ideas out of the box so that in the future they can go with ideas and convert ideas into live projects.
